1h to warm-up

Duration show: **50min**

Timing break-down **1h 30min:**
1h to clean the stage
30 min to load the van

Crew

We arrive with 2 people
1 artist
1 (light)technician

Technician from venue

We ask for 1 technician from the venue to:
install lights
unload and load the van
clean the stage

Stage Dimension

Stage surface 9m wide
8m deep
5m high

Props

We provide:
- 20 woden planels MDF 3mm thick 1,4m x 0,8m
- 16 bricks
- 5 rolls of paper tape

Sound

No soundsystem required, the performance is not amplified

Catering

3 bottles of still drinking water
2 warm meals (no vegetarians/vegans or special diets)

Dressing room

1 dressing room with shower + towels

Take into account

- the performance is about bricks, but, we DO NOT damage the surface of the stage. We bring wooden panels to protect the stage.
- We don't need a ballet floor, but in case there is one we do not damage it.
- The stage will be dusty from broken bricks, the dust will be locally.
- During the performance we produce garbage. We kindly ask to dispose the garbage at the venue: 5 broken wooden panels, 5 broken bricks.

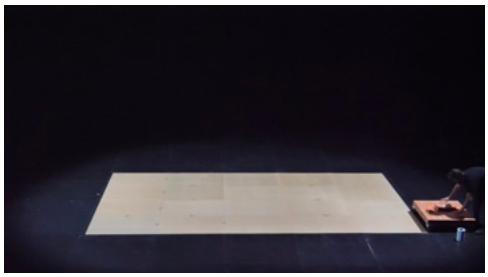

Curtains

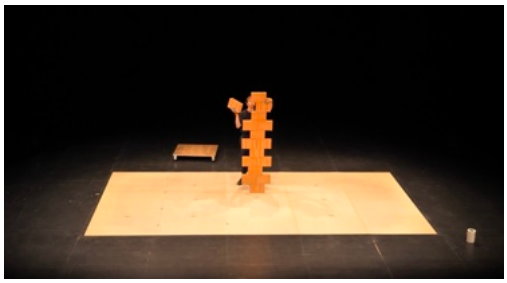

one backdrop curtain
2 side curtains
there should be a big opening in the curtain to go off the scene with a big cart during the last scene

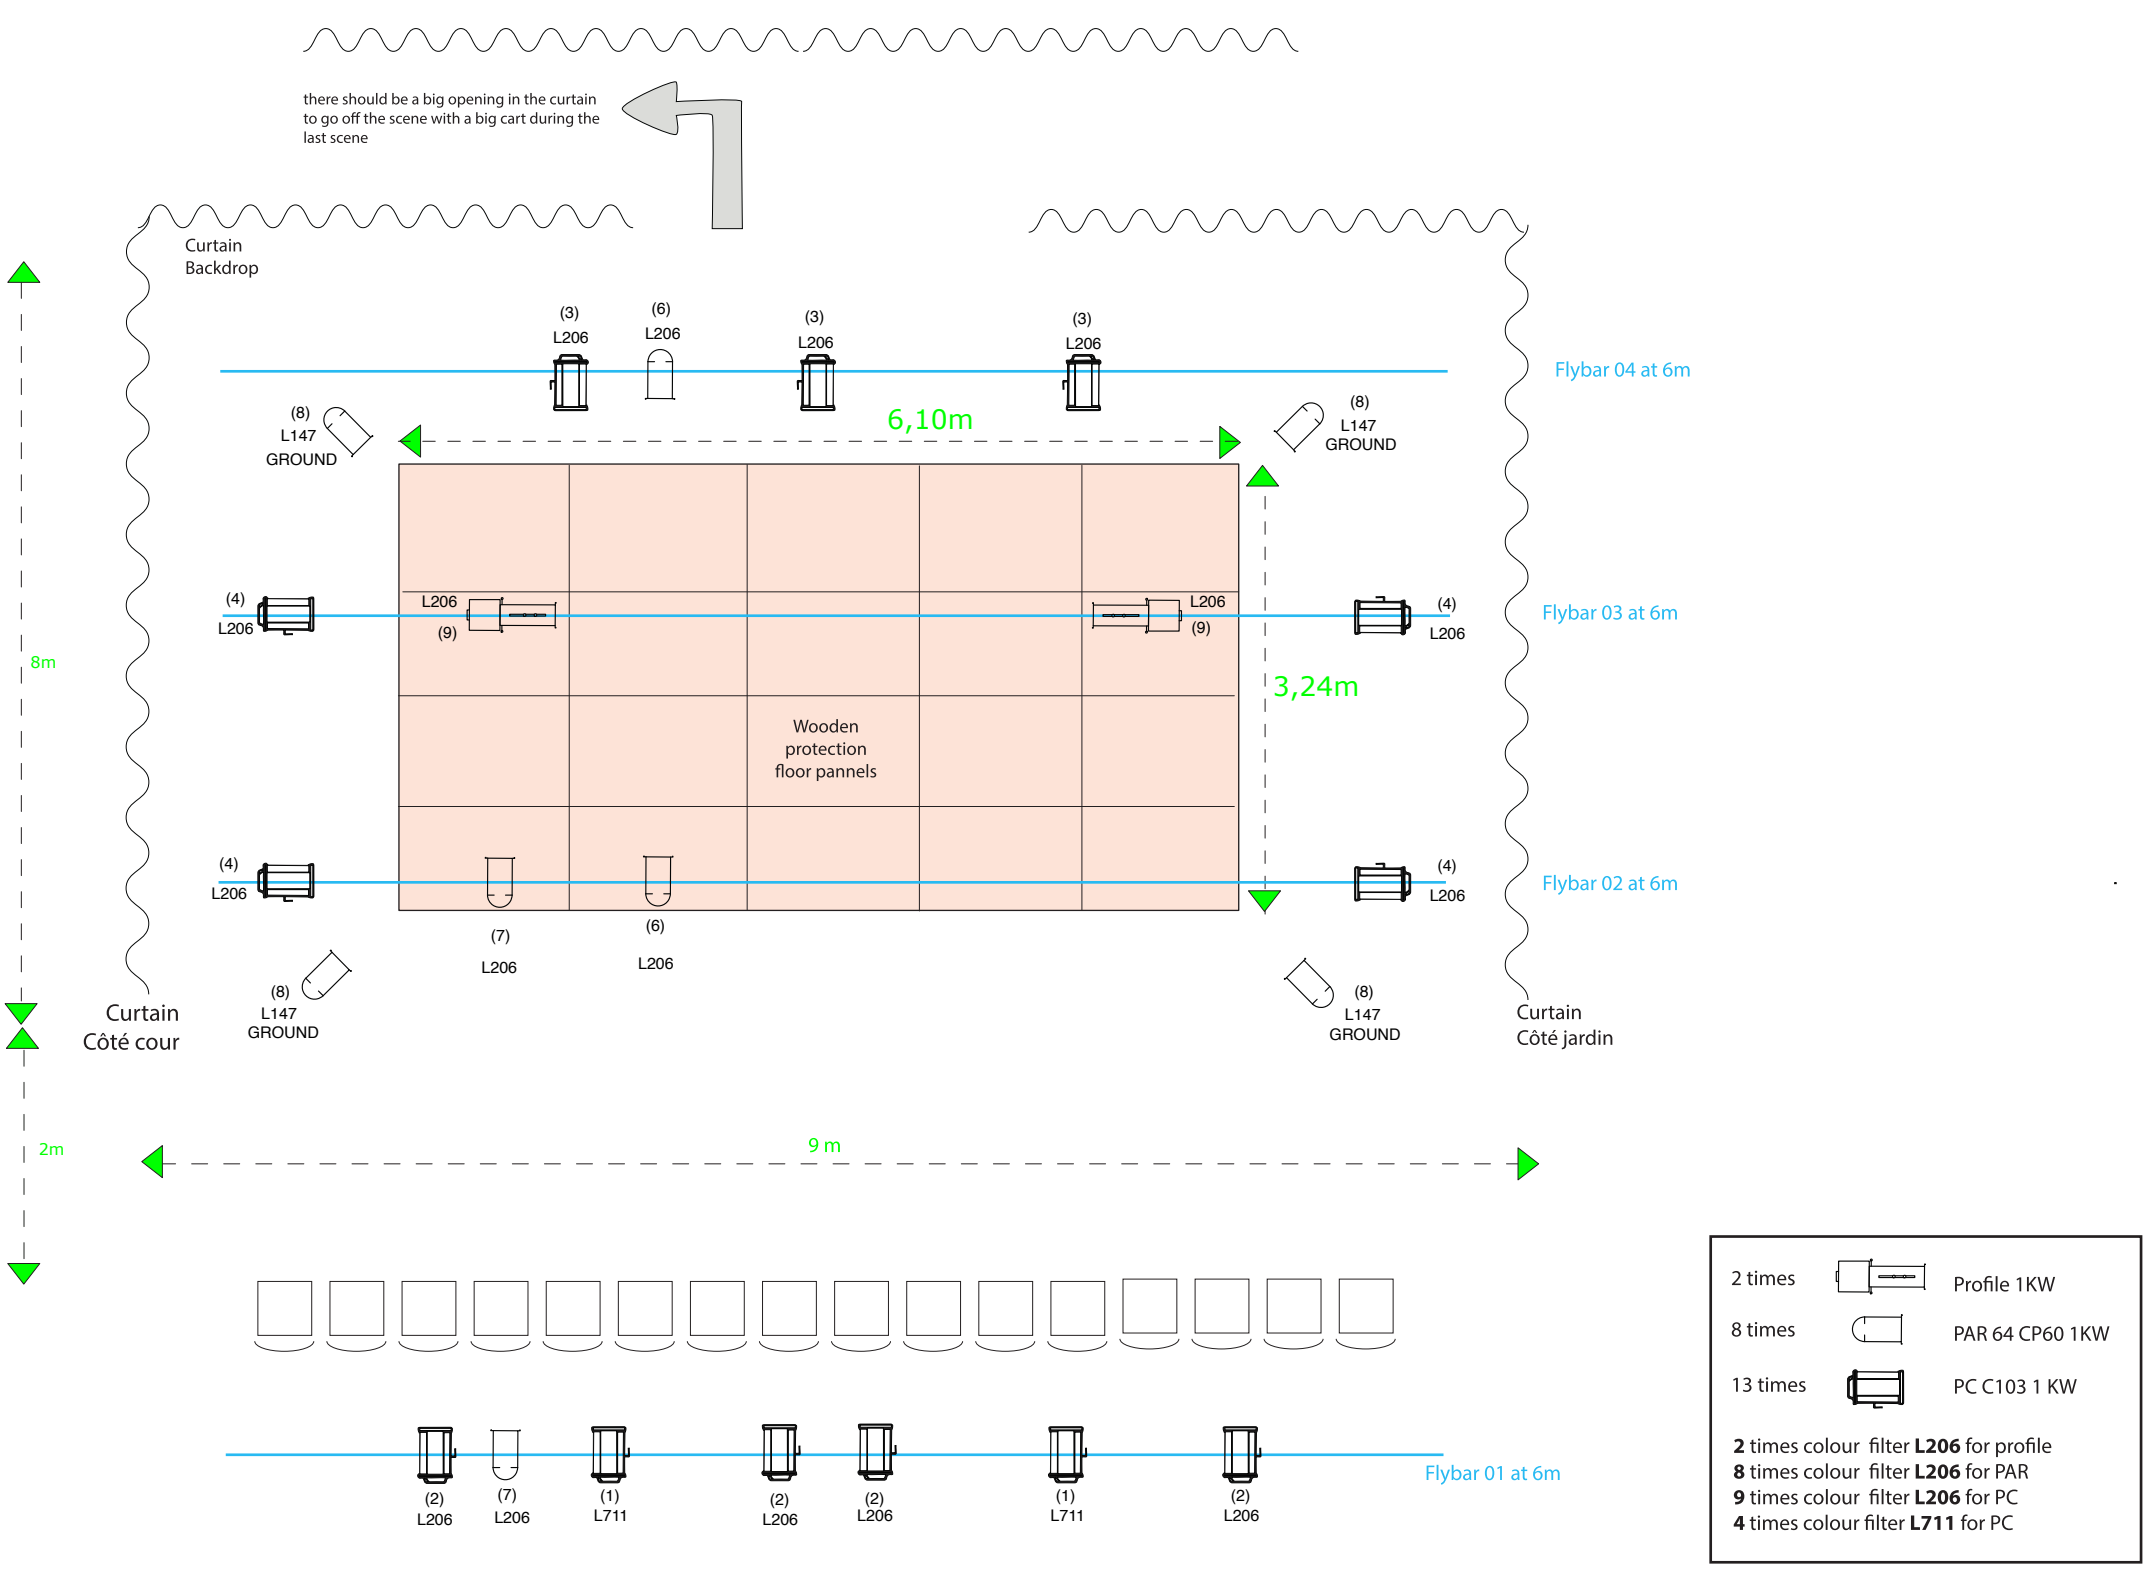

Pricures during the performance

there should be a big opening in the curtain to go off the scene with a big cart during the last scene
